

ENERGY EFFICIENCY DELIVERS VALUE

Energy efficiency is an economic development engine for the state and it makes Connecticut a better place to live and work. In fact, Energy Efficiency Fund programs generated more than **9,200 Connecticut "green" jobs** in 2015 and nearly **\$1 billion in lifetime energy cost savings**. Those savings are being reinvested into Connecticut's economy, making our families stronger and our businesses more competitive.

In 2015, Newtown saved energy, money and reduced carbon emissions.

Throughout Connecticut

Every \$1 of investment in energy efficiency programs in CT offsets \$2.80 of new generation and other energy costs that consumers would otherwise have to pay for.

In 2015

Residential energy efficiency resulted in approximately \$481 million saved over the lifetime of the installed measures.

Nearly 39,000 homes weatherized including critical services provided to more than 20,000 low-income households.

FINANCIAL SAVINGS

	Annual Savings	Lifetime Savings
	\$ 187,868	\$ 2,926,673

ELECTRICITY SAVED (kWH)

	Annual Savings	Lifetime Savings
	768,014	10,423,692

NATURAL GAS SAVED (CCF)

	Annual Savings	Lifetime Savings
	8,075	146,373
